OUR KEY STRENGTHS FORMULA INNOLAB

Through continuous research and collaborations, our **FORMULA INNOLAB** introduces new technologies and formulas, which creates groundbreaking products.

Our focus on safe, clean, sustainable, and high performing formula drives us to customer satisfaction.

- Clean/Natural formula
- Functional formula (OTC, sun protection, moisturizing, anti-aging, etc.)
- New, innovative materials
- K-beauty, global trend innovations

OUR KEY STRENGTHS PACKAGE INNOLAB

Our PACKAGE INNOLAB places a strong emphasis on **new mechanism design and sustainable cosmetic package**, achieved through extensive market research and active communication with clients and partners.

Guided by the **4R PRINCIPLE (Refill, Recycle, Re-use, Reduce)**, the eco-friendly packaging we design empowers clients to meet their environmental and sustainability objectives, without forgoing functionality and innovation.

In 2024, we will introduce our **Custom Packaging Service** to help clients personalize their packaging and express their brand identity.

- Needs-based custom design proposal
- Technical drawing, Rendering, 3D Mock-up
- Custom mold development
- 300+ Patented packages

OUR KEY STRENGTHS

SUPPLY CHAIN MANAGEMENT

Procurement

CTK excels in delivering top-quality products and exceptional services through our expansive network of partnering factories located in the US, EU, and Asia. Our capability to seamlessly adapt to diverse customer demands—including flexibility, cost-efficiency, rapid market responsiveness, and sustainable production capacity—sets us apart.

Quality Assurance

Our commitment to unwavering quality and excellence is manifested through the implementation of rigorous quality assurance processes and procedures. Prioritizing product safety and efficacy, we collaborate with partners holding ISO certifications and meeting CTK's stringent QA audit standards.

Regulatory & Compliance

In navigating the intricate landscape of regulatory requirements, international standards, and certification specifications, CTK employs cutting-edge AI-based solutions. This ensures not only compliance with stringent cosmetics regulations but also adherence to customer-specific needs and expectations.

- ISO 14001, ISO 45001
- EcoVadis
- ISO 22716 (GMP Certified)

COSMETICS DEVELOPMENT PLATFORM

CTKCLIP.COM

COSMETICS DEVELOPMENT PLATFORM

CTKCLIP is the largest global cosmetics platform that connects B2B businesses around the world to develop and launch innovative products.

As a global cosmetics platform leader, we create more opportunities and synergy, which leads to successful business ventures in the market.

Product creation everywhere

CTKCLIP ODM was designed with the goal of simplifying product creation by matching thousands of formulas, ingredients and packaging options from both our in-house labs as well as partnering vendors, all within a few clicks. Kick off with an inquiry, and our team of professionals across product development, QA and logistics team will take it from there.

User - Friendly

Product searching can be done by product category, theme, trends, and keywords.

Big Data

CTKCLIP collects big data from major industry players and utilizes the data for innovation insight and product development.

Specially Curated

All products are scrupulously curated reflecting the latest trends & consumer needs.

Compliance

Our options meet the strictest global requirements so you can rest assure that your products are made to the highest quality.

Value Adding

We offer endless value adding options to tailor to your brand's needs and requirements.

Endless Inspiration

Proudly housing thousands of formulation and packaging options from our inhouse labs, as well as partner vendors.

WHY CTKCLIP

CTKCLIP works closely with multiple partners to create innovative products that combine ideas and technology. Leveraging a broad network of partners, global influence, and expertise, we transform the beauty industry with creative solutions that set new standards.
